

U.S. Congressman Mike Pence, Chairman of the American Energy Solutions Group, led a Congressional delegation that visited sites affected by the Gulf oil spill on Tuesday. Following the visit, Congressman Pence wrote the blog entry below:

Mr. President, Lift The Moratorium Immediately

Today, I led a delegation of Republican Members of Congress to New Orleans to see firsthand the impact of the BP oil spill, the status of the clean-up and the state of the economy in the region.

Our meetings included BP's Chief Operating Officer; a parish president named Billy Nungesser and local small business owners, fishermen and academics. Then we took a 100-mile flight to the source of the spill.
